STATE LAW/REGULATIONS	MEDICAID PROGRAM
Definition of telemedicine/telehealth	
<p>“Telemedicine means the practice of medicine across state lines.”</p> <p><i>Source: NM Administrative Code, 16.10.2.7 (2012).</i></p> <p>Telemedicine means the use of interactive simultaneous audio and video or store-and-forward technology using information and telecommunications technologies by a health care provider to deliver health care services at a site other than the site where the patient is located, including the use of electronic media for consultation relating to the health care diagnosis or treatment of the patient in real time or through the use of store-and-forward technology.</p> <p><i>Source: NM Statute. 59A-22-49.3.</i></p> <p>“The practice of medicine across state lines means the rendering of a written or otherwise documented medical opinion concerning diagnosis or treatment of a patient within this state, by a physician located outside this state, as a result of transmission of individual patient data by electronic, telephonic or other means from within this state, to the physician or the physician’s agent, OR the rendering of treatment to a patient within this state, by a physician located outside this state, as a result of transmission of individual patient data by electronic, telephonic or other means from within this state to the physician or the physician’s agent.”</p> <p><i>Source: NM Statutes Annotated, 1978 Sec. 61-6-6 (2012).</i></p> <p>“Telehealth means the use of electronic information, imaging and communication technologies, including interactive audio, video and data communications as well as store-and-forward technologies, to provide and support health care delivery, diagnosis, consultation, treatment, transfer of medical data and education.”</p> <p><i>Source: NM Statutes Annotated Sec. 24-1G-3 (2012).</i></p>	<p>No reference found.</p>

Live Video Reimbursement	
<p>New Mexico statute encourages the use and reimbursement of telehealth, which includes live video.</p> <p><i>Source: NM Statutes Annotated, Sec. 24-25-5 (2012).</i></p> <p>Private payers are required to provide coverage for services delivered through live video, equivalent to in-person coverage.</p> <p><i>Source: NM Statute. 59A-22-49.3.</i></p> <p>(also see Medicaid column)</p>	<p>New Mexico Medicaid will reimburse for live video at the same rate as when the services are furnished without the use of a telecommunication system.</p> <p><i>Source: NM Administrative Code 8.310.2.</i></p> <p>Telemedicine is also covered by NM Managed Care.</p> <p><i>Source: NM Medical Assistance Division Managed Care Policy Manual, p. 216. Aug. 15, 2014. (Accessed Mar. 2016).</i></p> <p>Alternative Benefits Program & Managed Care Program The benefits package includes telemedicine services.</p> <p><i>Source: NM Admin Code Sec. 8.309.4.16 & 8.308.9.18.</i></p> <p>School-based services provided via telemedicine are covered.</p> <p><i>Source: NM Administrative Code 8.320.6.13(H).</i></p>
Store and Forward Reimbursement	
<p>New Mexico Statute defines telehealth as encompassing Store and Forward.</p> <p><i>Source: NM Statutes Annotated Sec. 24-1G-3 (2012).</i></p> <p>Private payers are required to provide coverage for services delivered through store and forward, equivalent to in-person coverage.</p> <p><i>Source: NM Statute. 59A-22-49.3.</i></p>	<p>New Mexico Medicaid does reimburse for store and forward. To be eligible, the service must be provided through the transfer of digital images, sounds, or previously recorded video from one location to another. It does not need to occur in real time.</p> <p><i>Source: NM Administrative Code 8.310.2.</i></p>

Volume XXV, No. 20. Oct. 30, 2014.</i></p>
Miscellaneous	

Comment: New Mexico offers out of state providers a "telemedicine license" to practice within its borders.

New Mexico is also the home of Project ECHO. The project's mission is to develop the capacity to safely and effectively treat chronic, common, and complex diseases in rural and underserved areas, and to monitor outcomes of this treatment utilizing technology.
