STATE LAW/REGULATIONS	MEDICAID PROGRAM
<b>Definition of telemedicine/telehealth</b>	
<p><b><u>Recently Passed Legislation (Effective Jan. 1, 2018)</u></b>            “Telemedicine means the use of electronic information and communication technology to deliver healthcare services, including without limitation the assessment, diagnosis, consultation, treatment, education, care management and self-management of a patient. Telemedicine includes store and forward technology and remote patient monitoring.</p> <p>...</p> <p>Telemedicine does not mean the use of audio-only communication, including without limitation interactive audio; a facsimile machine; text messaging; or electronic mail systems.”</p> <p><i>Source: AR Code Sec. 17-80-402 (SB 146 – 2017)</i></p>	<p>Arkansas Medicaid defines telemedicine services as “medical services performed as electronic transactions in real time. In order for a telemedicine encounter to be covered by Medicaid, the practitioner and the patient must be able to see and hear each other in real time.”</p> <p><i>Source: 016 06 06 Code of AR Rules and Regs. (CARR) 024 (2012).</i></p> <p>The Medicaid manual describes telemedicine as, “Interactive electronic consultations are physician consultations, ‘face-to-face’ in real time, via two-way electronic data exchange.”</p> <p><i>Source: AR Provider Manual, Section II: Physician/Independent Lab/CRNA/Radiation Therapy Center, p. 32. (Accessed Mar. 2017)</i></p> <p>Arkansas Medicaid defines telemedicine services as medical services performed as electronic transactions in real time. In order for a telemedicine encounter to be covered by Medicaid, the practitioner and the patient must be able to see and hear each other in real time. Physician interpretation of fetal ultrasound is covered as a telemedicine service if the physician views the echography or echocardiography output in real time while the patient is undergoing the procedure.</p> <p><i>Source: AR Provider Manual, Section II: Rural Health Clinic, p. 6 &amp; Federally Qualified Health Centers, p. 10 (Accessed Mar. 2017).</i></p> <p>“Telemedicine” means the medium of delivering clinical healthcare services by means of real-time two-way electronic audio-visual communications, including without limitation the application of secure video conferencing, to provide or support healthcare delivery that facilitates the assessment, diagnosis, consultation, or treatment of a patient’s health care while the patient is at an originating site and the healthcare professional is at a distant site.</p>

<b>Live Video Reimbursement</b>	
<p>A health plan shall cover the telehealth-delivered healthcare services on the same basis it would if the services were delivered in-person.</p> <p><i>Source: AR Code 23-79-1602(c) (1).</i></p> <p>A distant site provider will not utilize telemedicine to treat a patient located in Arkansas unless a professional relationship exists between the healthcare provider and the patient or as otherwise meets the definition of a professional relationship as defined in Section 17-80-402. (See Online Prescribing section below).</p> <p>Existence of a professional relationship is not required in the following circumstances:</p> <ul style="list-style-type: none"> <li>• Emergency situations where life or health of the patient is in danger or imminent danger or</li> <li>• Simply providing information in a generic nature not meant to be specific to an individual patient.</li> </ul> <p><i>Source: AR Code 17-80-402</i></p>	<p>Arkansas Medicaid will reimburse for up to two visits per patient, per year. A benefit extension request may be approved if it is medically necessary.</p> <p>Covered visits:</p> <ul style="list-style-type: none"> <li>• Consults;</li> <li>• Fetal echography and echocardiography (must be transmitted in real time);</li> <li>• Non-emergency visits in a physician’s office, a clinic or a hospital outpatient department;</li> <li>• Inpatient hospital visits;</li> <li>• Federally Qualified Health Centers (FQHC) encounters.</li> </ul> <p>Specific CPT codes apply. See manual for special billing instructions.</p> <p>AR Medicaid covers telemedicine evaluation and management services of an attending physician at the local site only when the physician is physically attending the patient and is presenting the case to a consulting physician at the remote site by means of telemedicine media.</p> <p><i>Source: AR Provider Manual, Section II: Physician/Independent Lab/CRNA/Radiation Therapy Center, p. 68 &amp; 129. A “professional relationship” between healthcare provider and patient means at a minimum:

- The healthcare professional has previously conducted an in-person examination and is available to provide appropriate follow-up care, when necessary, at medically necessary intervals;
- The healthcare professional personally knows the patient and the patient's relevant health status through an ongoing personal or professional relationship, and is available to provide appropriate follow-up care, when necessary, at medically necessary intervals;
- The treatment is provided by a healthcare professional in consultation with, or upon referral by, another healthcare professional who has an ongoing relationship with the patient and who has agreed to supervise the patient's treatment, including follow-up care;
- An on-call or cross-coverage arrangement exists with the patient's regular treating healthcare professional or another healthcare professional who has established a professional relationship with the patient;
- A relationship exists in other circumstances as defined by rule of the Arkansas State Medical Board for healthcare professionals under its jurisdiction and their patients; or
- A relationship exists in other circumstances as defined by rule of a licensing or certification board for other healthcare professionals under the jurisdiction of the appropriate board and their patients if the rules are no less restrictive than the rules of the Arkansas State Medical Board.
