STATE LAW/REGULATIONS	MEDICAID PROGRAM
Definition of telemedicine/telehealth	
<p>“Telemedicine means the use of an electronic media to link patients with health care professionals in different locations. To be considered telemedicine, the health care professional must be able to examine the patient via a real-time, interactive audio or video, or both, telecommunications system, and the patient must be able to interact with the off-site health care professional at the time the services are provided.”</p> <p><i>Source: MI Compiled Law Svcs. Sec. 500.3476 (2012).</i></p>	<p>“Telemedicine is the use of telecommunication technology to connect a patient with a health care professional in a different location.”</p> <p><i>Source: MI Dept. of Community Health, Medicaid Provider Manual, p. 1622 (April 1, 2017).</i></p> <p><u>Speech-Language and Audiology Services; Behavioral Health Therapy; Medication Therapy Management</u></p> <p>“Telepractice is the use of telecommunications and information technologies for the exchange of encrypted patient data for the provision of speech-language and audiology services. Telepractice must be obtained through real-time interaction between the patient’s physical location (patient site) and the provider’s physical location (provider site).”</p> <p><i>Source: MI Dept. of Community Health, Medicaid Provider Manual, p. 1720 (April 1, 2017).</i></p>
Live Video Reimbursement	
<p>Michigan law states that “contracts shall not require face-to-face contact between a health care professional and a patient for services appropriately provided through telemedicine”, which includes live video.</p> <p><i>Source: MI Compiled Law Services Sec. 500.3476 (2012).</i></p> <p>(See “Private Payers” section).</p>	<p>Michigan Medicaid reimburses for the following services categories via live video:</p> <ul style="list-style-type: none"> • Inpatient Consults; • Office or other outpatient consults • Office or other outpatient services • Psychiatric diagnostic procedures • Subsequent hospital care • Training services, diabetes • End stage renal disease (ESRD) related services. However, there must be at least one in-person visit per month, by a physician, nurse practitioner, or physician’s assistant, to examine the vascular site for ESRD services. • Behavior change intervention, individual • Behavior health and/or substance use disorder treatment • Education service, telehealth

STATE LAW/REGULATIONS	MEDICAID PROGRAM
	<ul style="list-style-type: none"> • Nursing facility subsequent care <p>The initial visit for nursing facility services must be face-to-face.</p> <p>Where face-to-face visits are required, telemedicine services may be used in addition to the required face-to-face visit, but cannot be used as a substitute.</p> <ul style="list-style-type: none"> • Physicians and practitioners are eligible to be distant site providers. Providers at the distant site can only bill services listed in the telemedicine services database. <p><i>Source: Dept. of Community Health, Medicaid Provider Manual, p. 1622 (April 1, 2017).</i></p> <p><u>Telepractice for BHT Services</u></p> <ul style="list-style-type: none"> • Telepractice services must be prior authorized. Providers may arrange telepractice services for the purpose of teaching parents/guardians to provide individualized interventions to their child and to engage in behavioral health clinical observation and direction. Qualified providers include: <ul style="list-style-type: none"> • Board certified behavior analysts • Board certified assistant behavior analysts • Licensed psychologists • Limited licensed psychologists • Qualified behavioral health professionals <p>Occupational, physical and speech therapists are not included in this policy.</p> <p>A facilitator trained in telepractice technology must be physically present with the patient.</p> <p><i>Source: Dept. of Community Health, Medicaid Provider Manual, p. 461 (Apr. 1, 2017).</i></p> <p><u>Medication Therapy Management (MTM)</u></p> <p>In the event that the beneficiary is unable to physically access a face-to-face care setting, an eligible pharmacist may provide MTM services via telepractice. Services must be provided through hardwire or internet connection.</p> <p><i>Source: MI Medical Services Administration Bulletin 17-09. Updates to Provider Manual. 2/24/17. (Accessed Mar. 2017).</i></p> <p><u>Speech-Language and Audiology Services</u></p> <p>MI Medicaid will reimburse for speech language and audiology services provided through their school based program.</p> <p>The patient site may be located within the school, at the patient's home or any other established site deemed</p>
