STATE LAW/REGULATIONS	MEDICAID PROGRAM
<b>Definition of telemedicine/telehealth</b>	
<p>South Carolina law addresses telemedicine under veterinary services, stating, “telemedicine is an audio, video, or data communication of medical information.”</p> <p><i>Source: SC Code Annotated Sec. 40-69-20.</i></p> <p>Telemedicine' means the practice of medicine using electronic communications, information technology, or other means between a licensee in one location and a patient in another location with or without an intervening practitioner.</p> <p><i>Source: SC Code Annotated Sec. 40-47-20(52).</i></p>	<p>“Telemedicine is the use of medical information about a patient that is exchanged from one site to another via electronic communications to provide medical care to a patient in circumstances in which face-to-face contact is not necessary.</p> <p>In this instance, a physician or other qualified medical professional has determined that medical care can be provided via electronic communication with no loss in the quality or efficacy of the care.</p> <p>Electronic communication means the use of interactive telecommunication equipment that typically includes audio and video equipment permitting two-way, real-time interactive communication between the patient and the physician or practitioner at the referring site. Telemedicine includes consultation, diagnostic, and treatment services.”</p> <p><i>Source: SC Health and Human Svcs. Dept., Physicians Provider Manual, p. 2-54 (Apr. 2018) &amp; Local Education Manual, p. 2-43. (Mar. 2018).</i></p>

The physician must be licensed in South Carolina, however they do not need to reside in South Carolina.	No reference found.
<b>Private Payers</b>	
No reference found.	No reference found.
<b>Site/Transmission Fee</b>	
No reference found.	<p>The referring site is eligible to receive a facility fee.</p> <p><i>Source: SC Health and Human Svcs. Dept., Physicians Provider Manual, p. 2-58 (Apr. 2018) &amp; Local Education Manual, p. 2-43 to 2-47. (Mar. 2018).</i></p>
<b>Miscellaneous</b>	

**Comments:** In 2011, a new state law, SCSB 588, established a statewide system of stroke care. It requires the Department of Health and Environmental Control to distribute to emergency medical services providers a list of primary stroke centers, telemedicine stroke centers, and other certified programs.

Effective July 1, 2014 the South Carolina Department of Health and Human Services will implement a project to leverage the use of teaching hospitals to provide rural physician coverage, expand the use of telemedicine, and ensure targeted placement and support of adequate OB/GYN services.
