Medicaid Telehealth Reimbursement

Summary

Alaska reimburses for Live Video, Store & Forward & Remote Patient Monitoring, although some restrictions apply.

Definitions

“Alaska Medicaid will pay for telemedicine services delivered in the following manner:

- **Interactive method:** Provider and patient interact in ‘real-time’ using video/camera and/or dedicated audio conference equipment.
- **Store-and-forward method:** The provider sends digital images, sounds, or previously recorded video to a consulting provider at a different location. The consulting provider reviews the information and reports back his or her analysis.
- **Self-monitoring method:** The patient is monitored in his or her home via a telemedicine application, with the provider indirectly involved from another location.”
